Subject: G7 EMM Readout Follow Up: Sustainable Waste Management
Attachments: G7 workshop - Key messages.pdf; 2019.05.06_Initiatives -outcome document of the G7 French Presidency_final.pdf

Dear Kim and Andrew,

On Wednesday, EPA provided a readout to Gary Litman from the U.S. Chamber of Commerce about the recent G7 Environment Ministers' Meeting in Metz, France. He expressed an interest in the topic of sustainable waste management, which was the focus of one of the G7 EMM Initiatives, "Taking into account the informal sector in the inclusive transition to sustainable waste management." While there does not seem to be any specific action items from France at the moment, please keep Gary in the loop as this initiative moves forward.

Gary, please see the two documents attached for additional information: the Key Messages from the G7 Resource Efficiency Workshop held in March, and the Initiatives Outcome Document from the G7 EMM.

Thank You,
Max
